

Prospectus dated 11 May 2021

(a *société anonyme* incorporated in the Republic of France)
€500,000,000 1.625 per cent. Sustainability Linked Notes due 14 May 2028
guaranteed by Verallia Packaging
Issue price: 100 per cent.

The €500,000,000 1.625 per cent. Sustainability Linked Notes due 14 May 2028 (the “Notes”) are to be issued by Verallia (the “Issuer” or “Verallia”) on 14 May 2021 (the “Issue Date”). The Notes will be guaranteed by Verallia Packaging (the “Guarantor”) under a guarantee (*cautionnement solidaire*) dated the date hereof (the “Guarantee”). The Guarantee is contained herein and its application and enforceability is subject to certain conditions and limitations as further described in “Guarantee of Verallia Packaging” of this Prospectus. The net proceeds of the issuance of the Notes will be used to refinance part of the existing financial indebtedness of the Group, to which some of the Joint Lead Managers are party.

Interest on the Notes will accrue at the rate of 1.625 per cent. *per annum*, subject to certain adjustments as described in Condition 4 (“Interest”), from, and including, the Issue Date and will be payable in Euro annually in arrear on 14 May in each year, commencing on 14 May 2022, as further described in this prospectus (the “Prospectus”). Payments of principal and interest on the Notes will be made without deduction for or on account of taxes of the Republic of France (See “Terms and Conditions of the Notes – Taxation”).

Unless previously redeemed, purchased and cancelled in accordance with the terms and conditions of the Notes, the Notes will be redeemed at their principal amount on 14 May 2028 (the “Maturity Date”). The Notes may, and in certain circumstances shall, be redeemed, in whole but not in part, at their principal amount together with accrued interest in the event that certain French taxes are imposed (See “Terms and Conditions of the Notes – Redemption and Purchase”).

The interest rate adjustment in respect of the Notes depends on the achievement by the Group of two Sustainability Performance Targets (as defined in “Terms and Conditions of the Notes”) based on the Group’s “CO₂ Emission Target” and “External Cullet Share Target”, as more fully described in Condition 4 (“Interest”).

In the event of a Change of Control, each Noteholder (as defined in “Terms and Conditions of the Notes”) will have the option to require the Issuer to redeem or procure the purchase of, all or part of the Notes held by such Noteholder at their principal amount together with interest accrued all as defined and more fully described in “Terms and Conditions of the Notes – Redemption and Purchase – Redemption at the option of Noteholders following a Change of Control”.

The Issuer may, at its option (i) from and including 14 February 2028 to but excluding the Maturity Date, redeem the Notes outstanding on any such date, in whole or in part, at their principal amount plus accrued interest, in accordance with the provisions set out in “Terms and Conditions of the Notes – Residual Call Option”, (ii) redeem the Notes, in whole or in part, at their Optional Redemption Amount (as defined in “Terms and Conditions of the Notes”) at any time prior to the first day of the Residual Call Period (as defined in the “Terms and Conditions of the Notes”), in accordance with the provisions set out in “Terms and Conditions of the Notes – Make Whole Redemption by the Issuer” and (iii) redeem the Notes, in whole but not in part, at their principal amount plus accrued interest, at any time prior to their Maturity Date, if seventy-five (75) per cent. of the Notes have been redeemed or purchased and cancelled, in accordance with the provisions set out in “Terms and Conditions of the Notes – Clean-Up Call Option”.

This Prospectus constitutes a prospectus for the purposes of Article 6 of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended or superseded (the “Prospectus Regulation”). This Prospectus has been approved by the French *Autorité des marchés financiers* (the “AMF”) in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer, the Guarantor or the quality of the Notes that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. Application has been made to admit the Notes to trading on the regulated market of Euronext Paris (“Euronext Paris”). The Notes shall be admitted to trading on Euronext Paris with effect from the Issue Date. Euronext Paris is a regulated market for the purposes of Directive 2014/65/UE of the European Parliament and of the Council on markets in financial instruments, as amended, appearing on the list of regulated markets issued by the European Securities and Markets Authority (the “ESMA”).

This Prospectus will be valid until the date of admission of the Notes to trading on Euronext Paris expected to be on the Issue Date. The obligation to supplement the Prospectus in the event of significant new factors, material mistakes or material inaccuracies will not apply when the Prospectus is no longer valid.

The Notes will on the Issue Date, be inscribed (*inscription en compte*) in the books of Euroclear France which shall credit the accounts of the Account Holders (as defined in “Terms and Conditions of the Notes – Form, Denomination and Title”) including Euroclear Bank SA/NV (“Euroclear”) and the depository bank for Clearstream Banking, SA (“Clearstream”). The Notes have been accepted for clearance through Euroclear France, Euroclear and Clearstream.

The Notes will be issued in dematerialised bearer form in the denomination of €100,000 each. Title to the Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book-entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes.

The Notes are expected to be rated BB+ by S&P Global Ratings Europe Limited (“S&P”). The corporate rating of the Issuer is rated BB+ (stable outlook) by S&P and Ba2 (stable outlook) by Moody’s France S.A.S. (“Moody’s”). S&P and Moody’s are established in the European Union and are registered under Regulation (EC) No. 1060/2009 of the European Parliament and of the Council on credit rating agencies dated 16 September 2009, as amended (the “CRA Regulation”). As such, S&P and Moody’s are included in the list of registered credit rating agencies published by the ESMA on its website (www.esma.europa.eu/supervision/credit-rating-agencies/risk) in accordance with the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, revision or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the factors described under the Section “Risk Factors” in this Prospectus. Unless otherwise stated, references in this Prospectus to the “Group” are references to the Issuer and its consolidated subsidiaries (including the Guarantor). Copies of this Prospectus will be published on the websites of the Issuer (<https://www.verallia.com/en/investors/>) and of the AMF (www.amf-france.org) except, as regards the AMF website, for the documents incorporated by reference related to the Guarantor.

RISK FACTORS

The following are certain risk factors of the offering of the Notes of which prospective investors should be aware. The Issuer and the Guarantor believe that the following factors may affect their ability to fulfil their obligations under the Notes and/or, as the case may be, the Guarantee. Factors which the Issuer and the Guarantor believe may be material for the purpose of assessing the market risks associated with the Notes and the Guarantee are also described below. The Issuer and the Guarantor believe that the factors described below represent the principal risks inherent in investing in the Notes and in relation to the Guarantee, but the inability of the Issuer or the Guarantor, as the case may be, to pay interest, principal or other amounts on or in connection with any Notes and/ or, as the case may be, the Guarantee may occur for other reasons and neither the Issuer nor the Guarantor represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should make their own independent evaluations of all risk factors and should also read the detailed information set out elsewhere in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

The terms defined in “Terms and Conditions of the Notes” shall have the same meaning when used below.

1. Risks related to the Issuer, the Guarantor and the Group

The risks relating to the Issuer and the Group are set out on pages 9 to 44 of the 2020 Universal Registration Document (as defined in Section “*Documents incorporated by Reference*”).

The risks related to the Guarantor are the same as those listed for the Issuer.

2. Risks related to the Notes

2.1 Risks for the Noteholders as creditors of the Issuer

Credit Risk

Credit risk refers to the risk that the Issuer or the Guarantor may be unable to meet their financial obligations under the Notes and/or the Guarantee, as the case may be. An investment in the Notes involves taking credit risk on the Issuer and the Guarantor. As contemplated in Condition 3(a) (*Status of the Notes*) of the Terms and Conditions of the Notes and Condition 9 of the Guarantee, the obligations of the Issuer in respect of the Notes and any interest payable under the Notes and the payment obligations of the Guarantor under the Guarantee constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer (*engagements chirographaires*). However, an investment in the Notes involves taking credit risk on each of the Issuer and the Guarantor. If the creditworthiness of the Issuer and/or the Guarantor deteriorates and notwithstanding Condition 8 (*Events of Default*) of the Terms and Conditions of the Notes which enable the Noteholders to request through the Representative of the Masse the redemption of the Notes if any of the Events of Default occurs, the Issuer and/or the Guarantor may not be able to fulfil all or part of their payment obligations under the Notes or, as the case may be, the Guarantee, which could materially and negatively impact the Noteholders which may lose all or part of their investment.

French insolvency law

As *sociétés par actions* incorporated in France, French insolvency laws apply to the Issuer and the Guarantor. Under French insolvency law, holders of debt securities issued by a French company (as the Issuer) or under which payments remain due under a guarantee issued by a French company (as the Guarantor) are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common

interests in case of the opening in France of an accelerated safeguard (*procédure de sauvegarde accélérée*) or an accelerated financial safeguard (*procédure de sauvegarde financière accélérée*) or a safeguard (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer or the Guarantor.

The Assembly comprises the holders of all debt securities issued by the Issuer (including the Notes) or under which payments remain due under the Guarantee, regardless of their governing law and will not be convened in accordance with Condition 9 (*Representation of the Noteholders*). The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), the proposed accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer or the Guarantor and may notably agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing off receivables in the form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) if the differences in situation so justify; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the amount of debt securities held by the holders who voted during such Assembly; notwithstanding any clause to the contrary and the law governing the issuance agreement). No quorum is required for the Assembly to be validly held.

Stipulations relating to the representation of holders of the Notes provided in Condition 9 (*Representation of the Noteholders*) will not be applicable if they depart from any imperative provisions of French insolvency law that may be applicable.

The procedures, as described above or as they may be amended, could have an adverse impact on holders of the Notes seeking repayment in the event that the Issuer or the Guarantor were to be subject to French insolvency proceedings.

The insolvency procedure in France is regulated by the provisions of the French *Code de commerce* as amended by ordinance n°2014-326 dated 12 March 2014 and these provisions govern the common rights, interests and representation of the Noteholders in this context. As a result, Noteholders should be aware that they will generally have limited ability to influence the outcome of an accelerated safeguard (*procédure de sauvegarde accélérée*), an accelerated financial safeguard (*procédure de sauvegarde financière accélérée*), a safeguard (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer or the Guarantor in France, especially given the current capital structure of the Issuer and the Guarantor.

It should be noted that “Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132” has been adopted by the European

Union on 20 June 2019. Once transposed into French law (which is scheduled to happen by 17 July 2021 at the latest), such directive should have a material impact on French insolvency law, especially with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this directive, “affected parties” (i.e., creditors, including the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that are sufficiently similar to justify considering the members of the class a homogenous group with commonality of interest. As a minimum, secured and unsecured claims shall be treated in separate classes for the purpose of adopting a restructuring plan. A restructuring plan shall be deemed to be adopted by affected parties, provided that a majority in the amount of their claims or interests is obtained in each and every class (the required majorities shall be laid down by Member States at not higher than 75% in the amount of claims or interests in each class, it being noted that Member States may require that in addition a majority in number of affected parties be obtained in each class). If the restructuring plan is not approved by each and every class of affected parties, the plan may however be confirmed by a judicial or administrative authority by applying a cross-class cram-down, provided notably that:

- the plan has been notified to all known creditors likely to be affected by it;
- the plan complies with the best interest of creditors test (i.e., no dissenting creditor would be worse off under the restructuring plan than they would be in the event of liquidation, whether piecemeal or sale as a going concern);
- any new financing is necessary to implement the restructuring plan and does not unfairly prejudice the interest of creditors;
- the plan has been approved by a majority of the voting classes of affected parties, provided that at least one of those classes is a secured creditors class or is senior to the ordinary unsecured creditors class; or, failing that, by at least one of the voting classes of affected parties or where so provided under national law, impaired parties, other than an equity-holders class or any other class which, upon a valuation of the debtor as a going-concern, would not receive any payment or keep any interest, or, where so provided under national law, which could be reasonably presumed not to receive any payment or keep any interest, if the normal ranking of liquidation priorities were applied under national law;
- the plan complies with the relative priority rule (i.e. dissenting voting classes of affected creditors are treated at least as favourably as any other class of the same rank and more favourably than any junior class). By way of derogation, Member States may instead provide that the plan shall comply with the absolute priority rule (i.e., a dissenting voting class of creditors must be satisfied in full before a more junior class may receive any distribution or keep any interest under the restructuring plan); and
- no class of affected parties can, under the restructuring, plan receive or keep more than the full amount of its claims or interests.

Therefore, when such directive is transposed into French law, it cannot be excluded that the Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The commencement of insolvency proceedings against the Issuer or the Guarantor would have a material adverse effect on the market value of Notes issued by the Issuer and guaranteed by the Guarantor. Any decisions taken by the Assembly or a class of creditor, as the case may be, could materially and negatively impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer or the Guarantor.

2.2 Risks relating to the market generally

Market value of the Notes

The market value of the Notes will be influenced by the creditworthiness of the Issuer or the Guarantor and a number of additional factors, including, but not limited to, market interest and yield rates and the time remaining to the maturity date.

The Notes are expected to be rated BB+ by S&P and the Issuer currently has a corporate rating of BB+ (stable outlook) by S&P and Ba2 (stable outlook) by Moody's. Any negative change in such credit rating could negatively affect the trading price for the Notes and hence investors may lose part of their investment.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere (such as, in particular, the effect of the COVID-19 pandemic on the global economy), including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The market value of the Notes may also be significantly and adversely affected by a variety of factors that may impact the Issuer or the Guarantor, the Group's competitors, macroeconomic conditions or the glass packaging industry. These factors may include, among others, market reaction to announcements made by the Group's competitors or other companies with similar activities, or announcements concerning the glass packaging industry, including announcements relating to the financial and operating performance or outlook of those companies. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. Therefore, the market value and liquidity of Notes may be adversely affected.

Risks relating to the secondary market for the Notes

Noteholders selling their Notes prior to their maturity date (i.e. 14 May 2028) may incur losses as a result thereof. Application has been made to Euronext Paris for the Notes to be admitted to trading on Euronext Paris. However, an established trading market in the Notes may never develop or if a secondary market does develop, it may be illiquid. Although this Prospectus will be approved by the AMF as the Notes are expected to be admitted to trading on Euronext Paris as from the Issue Date, such filing may not be accepted, the Notes may not be so admitted and an active market may not develop. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected.

The development or continued liquidity of any secondary market for the Notes will be affected by a number of factors such as general economic conditions, the financial condition, the creditworthiness of the Issuer, the Guarantor and/or the Group, the outstanding amount of the Notes, any redemption features of the Notes as specified in Condition 5 (*Redemption and Purchase*) of the Terms and Conditions of the Notes and the level, direction and volatility of interest rates generally. Such factors also will negatively affect the market value of the Notes.

The yield of the Notes as at the Issue Date is 1.625 percent *per annum*. Nevertheless, Noteholders may not be able to sell their Notes in the secondary market (in which case the market or trading price and liquidity may

be adversely affected) or may not be able to sell their Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Hence, the Noteholders may receive a lower yield than anticipated at the time of the issue.

Interest rate risks

The Notes bear interest on their outstanding principal amount from time to time at a fixed rate of 1.625 per cent. *per annum*, subject to certain adjustments (specified in Condition 4 (*Interest*)), payable annually in arrear on 14 May in each year and commencing on 14 May 2022, in accordance with Condition 4 (*Interest*). Generally, prices of fixed interest rate notes tend to fall when market interest rates rise and accordingly are subject to volatility. The price of the Notes at any particular time may be lower than the purchase price for the Notes paid by the Noteholders and may cause Noteholders to lose a portion of the capital invested if they decide to sell the Notes. Therefore investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value and the yield of the Notes and Noteholders may receive lower return on the Notes than anticipated at the time of the issue.

Sustainability Performance Targets

Although the interest rate relating to the Notes is subject to upward adjustment in certain circumstances specified in Condition 4 (*Interest*), such Notes may not satisfy an investor's requirements or any future legal or quasi legal standards for investment in assets with sustainability characteristics.

The Issuer expects to use the net proceeds to refinance part of the existing financial indebtedness of the Group and does not intend to allocate the net proceeds specifically to projects or business activities meeting environmental or sustainability criteria.

In addition, the interest rate adjustment in respect of the Notes depends on the definition of "CO₂ Emission Target" and "External Cullet Share Target" (see Condition 4 (*Interest*)) and are based on certain estimates and assumptions made by the Group in order to calculate the indicators on which the Sustainability Performance Targets are based. Moreover, such definitions are targeted at the Group's level, excluding any acquisitions after the Issue Date. That may be inconsistent with investor requirements or expectations or other definitions relevant to renewable energy and/or CO₂ emissions.

Although the Issuer targets (i) decreasing its CO₂ Emissions and (ii) increasing the proportion of External Cullet in its products, it may not be successful in doing so. Any future investments it makes in furtherance of these targets may not meet investor expectations or any binding or non-binding legal standards regarding sustainability performance, whether by any present or future applicable law or regulations or by other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability, green or social impact.

Adverse environmental or social impacts may occur during the design, construction and operation of any investments the Issuer makes in furtherance of these targets or such investments may become controversial or criticized by activist groups or other stakeholders. Lastly, no Event of Default shall occur under the Notes, nor will the Issuer or the Guarantor be required to repurchase or redeem such Notes, if the Issuer fails to meet its Sustainability Performance Targets. If the Sustainability Performance Targets are not met, this may have an adverse effect on the value of the Notes.

The Group's ability and autonomy to calculate its CO₂ Emission Target

CO₂ Emission is a calculated and not measured number. The CO₂ Emission is based on a good faith calculation made by the Issuer and confirmed by an External Verifier. The CO₂ Emission calculations are carried out internally, *i.e.* by the Group itself, based on broadly accepted standards and reported externally. The Group

currently follows the guidelines of the Science based targets initiative (“**SBTi**”) which enables firms to set targets on emission reductions based on science. Such guidelines and standards may evolve over time. Those standards are discussed by expert groups and include contributions from industry bodies, in some of which the Group is an active member. SBTi publicly confirmed on 31 March 2021 that the submitted target have been approved and the scope 1 and 2 portion of the Group’s targets are aligned with a well-below 2°C pathway.

Changes to the calculation methodology of the CO₂ Emission Target or significant changes in data due to better data accessibility or as a result of any disposal may result in a change in baseline and/or the CO₂ Emission Target. Any such change may be made without the prior consultation of the Noteholders to the extent it does not have any adverse effect on the interests of the Noteholders, as further specified in Condition 4 (*Interest*).

The way in which, and the industry standards and guidelines mentioned above on the basis of which, the Group calculates the CO₂ Emissions (as defined in Condition 4 (*Interest*)) may change over time and may impact the ability of the Group to meet its CO₂ Emission Target. In addition, the way in which the Group calculates its Sustainability Performance Target may also change over time. As a consequence, this may not be in line with investors’ expectations. Such changes may have a negative effect on the market value of the Notes.

Achieving the Sustainability Performance Targets will require the Group to expend significant resources, while not meeting any such targets would result in increased interest payments and could expose the Group to reputational risks

As described in Condition 4 (*Interest*), achieving the Sustainability Performance Targets will require the Group to reduce its CO₂ Emission to 2,625 kt by the year 2025 and increase its External Cullet share to 59% by 2025. As a result, achieving the Sustainability Performance Targets will require the Group to expend significant resources.

If the Group does not achieve its Sustainability Performance Targets or does not make available and communicate the Sustainability Value Report or the Verification Assurance Certificate within 120 days following the Target Observation Date, that would not only result in increased interest payments under the Notes, but could also harm the Group’s reputation, the consequences of which could, in each case, have an adverse effect on the market value of the Notes.

2.3 Risks relating to the structure of the Notes

The Notes may be redeemed prior to maturity

In the event that the Issuer or, as the case may be, the Guarantor (in respect of the Guarantee) would be obliged to pay additional amounts payable in respect of any Notes due to any withholding as provided in Condition 5(b) of the Terms and Conditions of the Notes, the Issuer may, and in certain circumstances shall, redeem all outstanding Notes in accordance with such Condition.

In addition, the Issuer may, at its option (i) from and including 14 February 2028 to but excluding the Maturity Date, redeem the Notes outstanding on any such date, in whole or in part, at their principal amount plus accrued interest, as provided in Condition 5(f) (*Residual Call Option*) of the Terms and Conditions of the Notes and (ii) redeem, in whole or in part, the then outstanding Notes at any time prior to the first day of the Residual Call Period, at the relevant make whole redemption amount, as provided in Condition 5(d) (*Make Whole Redemption by the Issuer*) of the Terms and Conditions of the Notes.

Furthermore, if seventy-five (75) per cent. or more in initial aggregate principal amount of the Notes (including any notes assimilated to the Notes issued pursuant to Condition 12 (*Further Issues*) of the Terms and Conditions of the Notes) have been redeemed or purchased and cancelled, the Issuer will have the option to redeem all of the outstanding Notes at their principal amount plus accrued interest as provided in Condition 5(e) (*Clean-Up Call Option*) of the Terms and Conditions of the Notes. In particular, there is no obligation for the Issuer to inform investors if and when this percentage has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of this option, the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

The Issuer may choose to redeem the Notes in accordance with Conditions 5(d) (*Make Whole Redemption by the Issuer*) and 5(f) of the Terms and Conditions of the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. As a consequence, the yields received upon redemption may be lower than expected. Furthermore, an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

In addition, a partial redemption of the Notes pursuant to Conditions 5(d) (*Make Whole Redemption by the Issuer*) and 5(f) of the Terms and Conditions of the Notes may also adversely affect liquidity for the remaining outstanding Notes depending on the number of Notes in respect of which such partial redemption is exercised.

Modification of the Terms and Conditions of the Notes and waiver

Condition 9 (*Representation of the Noteholders*) of the Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders, to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority and Noteholders who did not respond to, or rejected, the relevant Written Resolution. General Meetings may deliberate on proposals relating to the modification of the Conditions of the Notes subject to the limitation provided by French law. If a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes and hence investors may lose part of their investment.

By exception to the above provisions, Condition 9.1(i) provides that (i) the provisions of Article L.228-65 I. 1°, 4° and 6° of the French *Code de commerce* (respectively providing for a prior approval of the General Meeting of the Noteholders of any change in corporate purpose or form of the Issuer, or of an issue of bonds benefiting from a security (*sûreté réelle*) which does not benefit to the *Masse* or of a transfer of the registered office of a *société européenne* to another Member State of the European Union) and the related provisions of the French *Code de commerce* shall not apply to the Notes and (ii) the provisions of Article L.228-65 I. 3° of the French *Code de commerce* (providing for a prior approval of the Noteholders in relation to any proposal to merge or demerge the Issuer in the cases referred to in Articles L. 236-13 and L. 236-18 of the French *Code de commerce*) shall not apply to the Notes only to the extent that such proposal relates to a merger or demerger with another entity of the Group. As a result of these exclusions, the prior approval of the Noteholders will not have to be obtained on any such matters which may affect their interests generally.

The Guarantee is subject to certain limitations on enforcement

The Guarantee is in the form of a *cautionnement solidaire* and not a *garantie autonome à première demande* (an autonomous first demand guarantee) and is accordingly subject to certain limitations (as specified in paragraph 8 of the Guarantee) on enforcement and may be limited by applicable laws and/or subject to certain defences that may limit its validity and enforceability.

In addition, the Guarantee will apply to the Notes, (i) only if and to the extent that, the proceeds of the issue of the Notes are, directly or indirectly, on-lent or otherwise made available to the Guarantor and (ii) at any time (including at the time any claim under the Guarantee can be validly made pursuant to its terms), only up to the amount (if any) that remain owed by the Guarantor to the Issuer pursuant to the relevant on-loan or other availability arrangements. Consequently, Noteholders may not know the precise amount covered by the Guarantee upon issuance of the Notes. Finally, any amount due by the Issuer under the Notes, which will eventually be paid by the Guarantor to any Noteholder will reduce the aggregate amount covered by the Guarantee and the remaining amount may not cover additional amounts called by other Noteholders pursuant to the terms of the Guarantee. Please refer to the Section “*Guarantee of Verallia Packaging*” in this Prospectus notably as regards the Guarantee limitations.

Consequently, the Noteholders may not be able to recover amounts due to them by the Issuer through the exercise of the Guarantee and the Guarantee limitations referred to above could negatively impact the Noteholders and cause them to lose all or part of their investment.

The Guarantee constitutes direct, unconditional, unsubordinated and (subject to the provisions of Condition 3(c)(ii) (*Negative Pledge*)) unsecured obligations of the Guarantor (*engagements chirographaires*), and rank and will at all times rank *pari passu* and without any preference among themselves and equally and rateably with all other present or future unsecured and unsubordinated obligations (subject to exceptions mandatory under French law) of the Guarantor. The ranking of the Guarantee does not affect in any way the right of the Guarantor to dispose, subject to the provisions of Condition 3(c)(ii) (*Negative Pledge*) of the Terms and Conditions of the Notes, of its assets or grant any security in respect of such assets in any other circumstances (see “*Guarantee of Verallia Packaging*” below).

Exercise of put option in respect of certain Notes following a change of control of the Issuer may affect the liquidity of the Notes in respect of which such put option is not exercised

Upon the occurrence of a Change of Control of the Issuer (as more fully described in Condition 5(c) (*Redemption at the option of the Noteholders following a Change of Control*) of the Terms and Conditions of the Notes), each Noteholder will have the right to request the Issuer to redeem or, at the Issuer’s option, to procure the purchase of all or part of its Notes at their principal amount together with any accrued interest. In such case, any trading market in respect of those Notes in respect of which such redemption right is not exercised may become illiquid. Therefore, investors in the Notes not having exercised their put option may not be able to sell their Notes on the market and may have to wait until the Maturity Date to obtain redemption of their investments in the Notes, which may have a negative impact on the Noteholders and reduce the profits anticipated by the investors at the time of the issue. In addition, investors may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Notes.

Purchases by the Issuer in the open market or otherwise (including by tender offer) in respect of certain Notes may affect the liquidity of the Notes which have not been so purchased

Depending on the number of Notes purchased by the Issuer as provided in Condition 5(h) (*Purchases*) of the Terms and Conditions of the Notes, any trading market in respect of the Notes that have not been so purchased may become illiquid.

Therefore, investors still holding the Notes after such purchase(s) may not be able to sell their Notes on the market and may have to wait until the Maturity Date to obtain redemption of their investments in the Notes, which may have a negative impact on the Noteholders and reduce the profits anticipated by the investors at the time of the issue.

The distribution of this Prospectus and the offering of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer and the Joint Lead Managers to inform themselves about and to observe any such restrictions.

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions (including as a result of change in law). Potential investors are advised to ask for their own tax adviser’s advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes.

The Notes are expected to be rated BB+ by S&P Global Ratings Europe Limited (“S&P”). The rating assigned by S&P to the Notes and/or the Issuer may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by S&P at any time. A revision, suspension or withdrawal of a rating may adversely affect the market price of the Notes.

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained in this Prospectus or any applicable supplement;

- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

IMPORTANT – PRIIPs Regulation/ PROHIBITION OF SALES TO EEA RETAIL INVESTORS –

The Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or (ii) a customer within the meaning of Directive 2016/97(EU), as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UNITED KINGDOM RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“**UK**”). For these purposes, a “retail investor” means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”); or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

UK MiFIR Product Governance / Professional investors and eligible counterparties only target market

– Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA’s policy statement entitled “*Brexit our approach to EU non-legislative materials*”) has led to the conclusion that: (i) the target market for the Notes is eligible counterparties as defined in the FCA Handbook Conduct of Business Sourcebook (“**COBS**”), and professional clients only, each as defined in Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**UK MiFIR**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

No person is or has been authorised to give any information or to make any representations other than those contained in this Prospectus and, if given or made, such information or representations must not be relied upon as having been authorised by, or on behalf of, the Issuer, the Guarantor or the Joint Lead Managers.

Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer, the Guarantor or the Group, since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or the Guarantor since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that the information contained in it or any other information supplied in connection with the Notes is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Joint Lead Managers have not separately verified the information contained herein. To the fullest extent permitted by law, the Joint Lead Managers accept no responsibility whatsoever for the information contained in this Prospectus or any other information provided by the Issuer, the Guarantor or in connection with the Notes or their distribution, the Guarantee or for any other statement, made or purported to be made by the Joint Lead Managers or on their behalf in connection with the Issuer, the Guarantor or the offering and issue of the Notes. The Joint Lead Managers accordingly disclaim all and any liability whether arising in tort or contract or otherwise (save as referred to above) which they might otherwise have in respect of this Prospectus or any such information or statement.

Neither this Prospectus nor any other information supplied in connection with the Notes or their distribution is intended to provide the basis of any credit or other evaluation or should be considered as a recommendation by the Issuer, the Guarantor or the Joint Lead Managers that any recipient of this Prospectus or any other information supplied in connection with the Notes or their distribution should purchase any of the Notes. None of the Joint Lead Managers acts as a fiduciary to any investor or potential investor in the Notes. Each investor contemplating subscribing or purchasing Notes should make its own independent investigation of the financial condition and affairs, its own appraisal of the creditworthiness, of the Issuer, the Guarantor or the Group and of the terms of the offering, including the merits and risks involved. For further details, see Section “*Risk Factors*” herein. The contents of this Prospectus are not to be construed as legal, business or tax advice. Each prospective investor should subscribe for or consult its own advisers as to legal, tax, financial, credit and related aspects of an investment in the Notes. None of the Joint Lead Managers undertakes to review the financial condition or affairs of the Issuer, the Guarantor or the Group after the date of this Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Joint Lead Managers.

All or some of the Joint Lead Managers and their respective affiliates have and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by the Issuer or any of its affiliates. They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by the Issuer or any of its affiliates or (iii) act as financial advisers to the Issuer or any of its affiliates. In the context of these transactions, certain of such Joint Lead Managers and their respective affiliates have or may hold shares or other securities issued by the Issuer or any of its affiliates. Where applicable, they have or will receive customary fees and commissions for these transactions. The Joint Lead Managers and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Where there is a lending relationship between the Group and one or several Joint Lead Managers, all or part of the proceeds of any issue of Notes may be used to repay or reimburse all or part of such loans.

Furthermore, certain of the Joint Lead Managers or their affiliates that have a lending relationship with the Group routinely hedge their credit exposure to the Group consistent with their customary risk management policies. Typically, such Joint Lead Managers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes.

The obligations of the Guarantor in this respect arise pursuant to the guarantee agreement set out in the Section entitled “*Guarantee of Verallia Packaging*” of this Prospectus.

3 Status and Negative Pledge

(a) Status of the Notes

The obligations of the Issuer under the Notes in respect of principal, interest and other amounts, constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 3(c)(i) (*Negative Pledge*)) unsecured obligations of the Issuer (*engagements chirographaires*), and rank and will at all times rank *pari passu* and without any preference among themselves and equally and rateably with all other present or future unsecured and unsubordinated obligations (subject to exceptions mandatory under French law) of the Issuer.

(b) Status of the Guarantee in respect of the Notes

The Guarantee constitutes direct, unconditional, unsubordinated and (subject to the provisions of Condition 3(c)(ii) (*Negative Pledge*)) unsecured obligations of the Guarantor (*engagements chirographaires*), and rank and will at all times rank *pari passu* and without any preference among themselves and equally and rateably with all other present or future unsecured and unsubordinated obligations (subject to exceptions mandatory under French law) of the Guarantor.

(c) Negative Pledge

(i) Issuer

So long as any of the Notes remains outstanding (as defined below), the Issuer undertakes that it, and undertakes to ensure that none of its Material Subsidiaries (as defined below), will not create or permit to subsist any mortgage, lien, charge, pledge or other form of security interest that would constitute a *sûreté réelle* upon any of the Issuer's or its Material Subsidiaries' assets or revenues, present or future, to secure any Bond Indebtedness (as defined below) incurred or guaranteed by the Issuer or its Material Subsidiaries, unless the obligations of the Issuer under the Notes are equally and rateably secured or guaranteed therewith so as to rank *pari passu* with such Bond Indebtedness. Such undertakings are given only in relation to security interests given for the benefit of other Noteholders and do not affect in any way the right of the Issuer to dispose of its assets or to grant any security in respect of such assets in any other circumstances.

For the purpose of this Condition:

“**Adjusted EBITDA**” corresponds to operating profit adjusted for certain expenses and/or income of a non-recurring nature or likely to distort the interpretation of the Group's performance, such as depreciation and amortisation, restructuring costs, acquisition and M&A costs, hyperinflationary effects, management share ownership plans, disposal effects, closing and carve-out expenses, and other items;

“**Bond Indebtedness**” means any present or future indebtedness for borrowed money in the form of, or represented by, bonds (*obligations*), notes or other debt securities which are, are to be, or are capable of being, listed and/or admitted to trading on any stock exchange, or on any over-the-counter securities market or other securities market;

“**Group**” means the Issuer and its Subsidiaries taken as a whole;

“**Material Subsidiary**” means a Subsidiary which has earnings before interest, tax, depreciation and amortisation (EBITDA) (calculated on the same basis as the Adjusted EBITDA, *mutatis mutandis*) representing 10% (ten per cent.) or more of the Adjusted EBITDA of the Group. Compliance with this condition shall be determined on an annual basis by reference to:

- (i) the most recent annual audited consolidated financial statements of the Issuer; and/or

(ii) the latest annual financial statements of the relevant Subsidiary for the relevant financial year, or, if such financial statements are not available or required by law, such other accounts as are available;

“**outstanding**” means, in relation to the Notes, all the Notes issued other than: (a) those which have been redeemed on their due date or otherwise in accordance with the Conditions, (b) those in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption monies (including all interest accrued on such Notes to the date for such redemption and any interest payable under Condition 4 (*Interest*) after such date) have been duly paid to the Fiscal Agent, (c) those which have been purchased and that are held or have been cancelled as provided in Condition 5 (*Redemption and Purchase*) and (d) those in respect of which claims have become prescribed under Condition 11 (*Prescription*);

“**Subsidiary**” means, in relation to any company, another company which is controlled by it within the meaning of article L.233-3 of the French *Code de commerce*.

(ii) *Guarantor*

The Guarantor undertakes, until all payments covered by the Guarantee have been paid, that it will not create or permit to subsist any mortgage, lien, charge, pledge or other form of security interest that would constitute a *sûreté réelle* upon any of its assets or revenues, present or future, to secure any Bond Indebtedness, incurred or guaranteed by it, unless the obligations of the Guarantor under the Notes are equally and rateably secured or guaranteed therewith so as to rank *pari passu* with such Bond Indebtedness. Such undertakings are given only in relation to security interests given for the benefit of other Noteholders and do not affect in any way the right of the Guarantor to dispose of its assets or to grant any security in respect of such assets in any other circumstances.

4 Interest

The Notes shall bear interest on their outstanding aggregate principal amount from (and including) the Issue Date to (but excluding) the first Interest Payment Date, and thereafter from (and including) each Interest Payment Date to (but excluding) the next following Interest Payment Date (each, an “**Interest Period**”).

Interest shall be paid annually in arrear on 14 May in each year, up to (and including) 14 May 2028 (the “**Maturity Date**”) (each such date, an “**Interest Payment Date**”). The first Interest Payment Date will be 14 May 2022.

The Notes bear interest at the rate of 1.625 per cent. *per annum* (the “**Reference Rate**”), adjusted pursuant to this Condition, where relevant (the “**Rate of Interest**”).

Notes will cease to bear interest from the date provided for their redemption, unless the Issuer defaults in making due provision for their redemption on said date. In such event, the Notes will continue to bear interest in accordance with this Condition (as well after as before judgment) on the principal amount of such Notes until whichever is the earlier of (i) the day on which all sums due in respect of such Notes up to that day are received by or on behalf of the relevant holder and (ii) the day after the Fiscal Agent has notified the holders of the Notes (the “**Noteholders**”) in accordance with Condition 10 (*Notices*) of receipt of all sums due in respect of all the Notes up to that day.

From and including the first day of the next Interest Period following the Target Observation Date (the “**Interest Rate Step Up Date**”), if the External Verifier (as defined below) determines that:

- zero (0) Sustainability Performance Target is met then, the applicable Rate of Interest shall be equal to the Reference Rate plus 25 base points and will apply for each Interest Period from and including the Interest Rate Step Up Date up to, and including, the Maturity Date; or
- one (1) Sustainability Performance Target is met then, the applicable Rate of Interest shall be equal to the Reference Rate plus 12,5 base points and will apply for each Interest Period from and including the Interest Rate Step Up Date up to, and including, the Maturity Date; or
- two (2) Sustainability Performance Targets are met then, the applicable Rate of Interest shall be equal to the Reference Rate and will apply for each Interest Period from and including the Interest Rate Step Up Date up to, and including, the Maturity Date.

If (i) the Sustainability Value Report or (ii) the Verification Assurance Certificate have not been made available and communicated by the Issuer within 120 days following the Target Observation Date then, the applicable Rate of Interest, from and including the Interest Rate Step Up Date, shall be equal to the Reference Rate plus 25 base points and will apply for each Interest Period from and including the Interest Rate Step Up Date up to, and including, the Maturity Date.

“**Sustainability Performance Targets**” means the following two targets:

- 1) The “**CO₂ Emission Target**” refers to a sustainability performance target at the Group’s level (excluding any acquisitions after the Issue Date) of 2,625 kt CO₂ Emission by the year 2025, compared to 3,090 kt CO₂ Emission for the year 2019 (corresponding to a 15% decrease versus the 2019 baseline), as calculated by the Issuer (as more fully described in the section “The Group’s Sustainability Performance Targets” of this Prospectus and in the Issuer’s Sustainability-Linked Financing Framework).

Any change to the calculation methodology¹ of the CO₂ Emission Target or significant changes in data due to better data accessibility or as a result of any disposal may result in a change in baseline and/or the CO₂ Emission Target. In such case, the levels of the CO₂ Emission Target will be recalculated in good faith by the Issuer to reflect such significant changes, in line with the Group’s fallback mechanisms contained in the Issuer’s Sustainability-Linked Financing Framework, provided that (i) such change has no adverse effect on the interests of the Noteholders and (ii) an External Verifier has independently confirmed that the proposed revision:

- (A) is consistent with the Issuer’s strategy;
- (B) is in line with the initial level of ambition of the CO₂ Emission Target; and
- (C) has no material impact on the second party opinion originally provided to the Group in connection with the Sustainability-Linked Financing Framework,

as described in the section “The Group’s Sustainability Performance Targets” of this Prospectus and in the Issuer’s Sustainability-Linked Financing Framework². Any such change will be communicated as soon as reasonably practicable by the Issuer to the Fiscal Agent and the Calculation Agent and notified to the Noteholders (copy to the Representative) (in accordance with Condition 10 (*Notices*)).

¹ The threshold value for a significant change is a change that impacts the Sustainability Performance Target, in aggregate, by 5 percent or more (in line with the recommendation by the Science based targets initiative (“**SBTi**”).

² Updates to the CO₂ Emission Target will be reported to SBTi for update of the validation.

Any other change will be made with the prior approval of the Noteholders.

- 2) The “**External Cullet Share Target**” refers to a target at the Group’s level (excluding any acquisitions after the Issue Date) whose objective is to take into account the ratio between (1) total tons of External Cullet introduced into production during the calendar year and (2) the total tons of packed glass during such calendar year, with a sustainability performance target of 59% by 2025, compared to 49% in 2019, as calculated by the Issuer (as more fully described in the section “The Group’s Sustainability Performance Targets” of this Prospectus and in the Issuer’s Sustainability-Linked Financing Framework).

the Sustainability Performance Targets listed in (1) and (2) above being referred to as a “**Sustainability Performance Target**”.

“**CO₂ Emission**” means the tons of CO₂ emitted by the Group in absolute value (scopes 1, corresponding to direct emissions from the Group own operations, and scope 2, equal to indirect greenhouse gas emissions from consumption of purchased electricity used in the Group’s own operations)³.

“**Cullet**” means the crushed glass added to the raw materials used in the production of glass.

“**External Cullet**” means glass collected from individuals and the on-trade channel (cafés, hotels and restaurants).

“**External Verifier**” means any independent accounting or appraisal firm or other independent expert of internationally recognised standing appointed by the Issuer, in each case with the expertise necessary to perform the functions required to be performed by the External Verifier under these Conditions, as determined by the Issuer. Such External Verifier will be appointed as soon as reasonably practicable by the Issuer (i) after the Target Observation Date or if relevant, (ii) in case of any change to the calculation methodology of the CO₂ Emission Target or significant changes in data due to better data accessibility or as a result of any disposal may result in a change in baseline and/or the CO₂ Emission Target (as provided above). The nomination of such External Verifier will be communicated as soon as reasonably practicable by the Issuer to the Fiscal Agent and the Calculation Agent and notified to the Noteholders (copy to the Representative) (in accordance with Condition 10 (*Notices*)).

“**Sustainability-Linked Financing Framework**” means the framework available on the Issuer’s website (<https://www.verallia.com/investisseurs/information-reglementee/>) as amended and supplemented from time to time.

“**Sustainability Value Report**” means the report as of 31 December 2025 (the “**Target Observation Date**”) prepared by the Issuer assessing whether or not each Sustainability Performance Target has been met and specifying the applicable Rate of Interest. Such Sustainability Value Report shall be made available and communicated by the Issuer within 120 days following the Target Observation Date to the Fiscal Agent and the Calculation Agent and notified to the Noteholders (copy to the Representative) (in accordance with Condition 10 (*Notices*)).

“**Verification Assurance Certificate**” means a verification assurance certificate issued by an External Verifier outlining the performance of the Sustainability Performance Targets. Such Verification Assurance Certificate shall be made available and communicated by the Issuer within 120 days following the Target Observation Date to the Fiscal Agent and the Calculation Agent and notified to the Noteholders (copy to the Representative) (in accordance with Condition 10 (*Notices*)).

³ As per Science-Based Target initiative standards (“**SBTi**”), scope 1&2 emissions remain the Group’s most relevant carbon footprint indicator and should be tracked to measure the Issuer’s ability to comply with its SBTi trajectory of reducing total CO₂ emissions.

Interest will be calculated on an Actual/Actual (ICMA) basis. Where interest is to be calculated in respect of a period of less than one (1) year, it shall be calculated on the basis of the number of days elapsed in the relevant Interest Period, from and including the date from which interest begins to accrue to but excluding the date on which it falls due, divided by the number of days in such Interest Period in which the relevant period falls (including the first but excluding the last day of such period).

The Calculation Agent will cause the Rate of Interest for the relevant Interest Period to be notified to the Issuer, the Paying Agent, the Make-Whole Calculation Agent and to the Noteholders (copy to the Representative) in accordance with Condition 10 (*Notices*) as soon as possible, but in no event later than the seventh (7th) Business Day preceding each Interest Payment Date.

5 Redemption and Purchase

The Notes may not be redeemed or purchased otherwise than in accordance with this Condition 5 (*Redemption and Purchase*) and Condition 8 (*Events of Default*).

(a) Final Redemption

Unless previously redeemed or purchased and cancelled as provided below, the Notes will be redeemed by the Issuer at their principal amount on 14 May 2028.

(b) Redemption for Taxation Reasons

- (i) If, by reason of a change in French law or regulation, or any change in the official application or interpretation of such law or regulation, becoming effective after the Issue Date, the Issuer or, as the case may be, the Guarantor (in respect of the Guarantee), would on the occasion of the next payment due in respect of the Notes (assuming, in the case of the Guarantee, that a payment thereunder were required to be made on any such date) or, where applicable (if it were called) under the Guarantee, not be able to make such payment without having to pay additional amounts as specified in Condition 7 (*Taxation*) below, the Issuer may on any Interest Payment Date, subject to having given not more than sixty (60) nor less than thirty (30) days' prior notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 10 (*Notices*), redeem all, but not some only, of the outstanding Notes at their principal amount plus any interest accrued to the date fixed for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer or the Guarantor, as the case may be, could make payment of principal and interest without withholding or deduction for French taxes.
- (ii) If the Issuer as the case may be, the Guarantor (in respect of the Guarantee) would on the occasion of the next payment in respect of the Notes (assuming, in the case of the Guarantee, that a payment thereunder were required to be made on any such date) be prevented by French law from making payment to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7 (*Taxation*) below, then the Issuer or the Guarantor, as the case may be, shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) days' prior notice to the Noteholders in accordance with Condition 10 (*Notices*) redeem all, but not some only, of the Notes then outstanding at their principal amount plus any accrued interest on the latest practicable date on which the Issuer or the Guarantor, as the case may be, could make payment of the full amount payable in respect of the Notes

without withholding or deduction for French taxes, or, if such date is past, as soon as practicable thereafter.

(c) *Redemption at the option of the Noteholders following a Change of Control*

In the event of a Change of Control (as defined below), each Noteholder will have the option (the “**Put Option**”) to require the Issuer to redeem or, at the Issuer’s option, purchase all of the Notes held by such Noteholder on the Optional Redemption Date (as defined below) at its principal amount together with interest accrued to but excluding the Optional Redemption Date.

In the event of a Change of Control, the Issuer shall inform the Noteholders by means of a notice published in accordance with Condition 10 (*Notices*) (the “**Put Event Notice**”), promptly after the effective date of such Change of Control. The Put Event Notice shall include information to the Noteholders regarding the procedure for exercising the Put Option, and shall indicate:

- a) the scheduled date for the early redemption of the Notes (the “**Optional Redemption Date**”), which shall fall between the 25th and 30th Business Days following the date of the Put Event Notice;
- b) the redemption amount; and
- c) the period of at least 15 Business Days from the date of the Put Event Notice, during which a Noteholder must transfer (or cause to be transferred by its Account Holder) its Notes to be so redeemed or purchased to the account of the Paying Agent (details of which are specified in the Put Event Notice) for the account of the Issuer together with a duly signed and completed notice of exercise in the then current form obtainable from the specified office of the Paying Agent (a “**Put Option Notice**”) and in which the holder may specify an account denominated in euro to which payment is to be made. The Put Option Notice once given shall be irrevocable.

The Put Option Notice shall be received by the Paying Agent no later than five Business Days prior to the Optional Redemption Date.

The Put Option Notice shall be deemed to be dated on the Business Day on which the last of the two conditions (a) and (b) below is satisfied, if satisfied at or prior to 5:00 p.m. (Central European time (CET)) or the following Business Day if such satisfaction occurs after 5:00 p.m. (Central European time (CET)).

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Make Whole Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties. The Make Whole Calculation Agent shall act as an independent expert and not as agent for the Issuer or the Noteholders. The Make Whole Calculation Agent (acting in such capacity) shall not have any relationship of agency or trust with, and, to the extent permitted by law, shall not incur no liability against, the Issuer, the Noteholders, the Fiscal Agent or the Paying Agent.

9 Representation of the Noteholders

9.1 General

Noteholders will be grouped automatically for the defence of their common interests in a masse (the “*Masse*”). The Masse will be governed by the provisions of the French *Code de commerce*, and with the exception of Articles L.228-48, L.228-59, L.228-65 I. 1°, 3° (but only to the extent that it relates to a merger or demerger with another entity of the Group), 4° and 6° and L.228-65 II., L.228-71, R. 228-61, R.228-67, R.228-69, R.228-72, R. 228-79 and R. 236-11 subject to the following provisions:

- (a) **Legal Personality:** The Masse will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through collective decisions of the Noteholders (the “**Collective Decisions**”).

The Collective Decisions are adopted either in general meeting (the “**General Meeting**”) or by consent following a written consultation (the “**Written Resolution**” as defined in Condition 9.2).

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

- (b) **Representative:** The office of the Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:
 - (i) the Issuer, the members of its Board of Directors (*Conseil d'administration*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or
 - (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors (*Conseil d'administration*), Management Board (*Directoire*) or Supervisory Board (*Conseil*

de surveillance), their statutory auditors, or employees as well as their ascendants, descendants and spouses; or

- (iii) companies holding ten (10) per cent. or more of the share capital of the Issuer or companies having ten (10) per cent. or more of their share capital held by the Issuer; or
- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The following person is designated as initial Representative of the *Masse*:

Aether Financial Services

36 rue de Monceau, 75008 Paris

The Issuer shall pay to the Representative of the Masse an amount equal to €500 (VAT excluded) payable at the Issue Date.

The Representative will exercise its duty until its death, liquidation, dissolution, resignation or termination of its duty by a General Meeting or Written Resolution or until it becomes unable to act. Such Representative will be replaced by an alternate Representative which will be elected by a General Meeting or Written Resolution of the Noteholders. Its appointment shall automatically cease on the Maturity Date, or any date on which all the Notes are redeemed prior to the Maturity Date in accordance with these Conditions.

- (c) **Powers of the Representative:** The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer or its Group.

- (d) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place, agenda and quorum requirements of any General Meeting will be published as provided under Condition 10 (*Notices*) not less than fifteen (15) days prior to the date of such General Meeting on first convocation and six (6) days on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, correspondence, or by videoconference or any other means of telecommunications allowing the identification of the participating Noteholders. Each Note carries the right to one vote.

- (e) **Powers of the General Meetings:** The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) to Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder on the second (2nd) business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

- (f) **Information to Noteholders:** Each Noteholder or Representative thereof will have the right, during the fifteen-day (15) period preceding the holding of each General Meeting (or during the sixth-day (6) period preceding the holding of a General Meeting on second convocation, or during the fifth-day (5) period preceding the seeking of approval of a resolution by way of a Written Resolution), to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of the Paying Agent and at any other places specified in the notice of the General Meeting.
- (g) **Expenses:** The Issuer will pay all reasonable expenses, upon presentation of documentary evidence, relating to the operation of the Masse, including expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.
- (h) **Notice of Decisions:** Decisions of the meetings and Written Resolutions shall be published in accordance with the provisions set out in Condition 10 (*Notices*) not more than ninety (90) days from the date thereof.
- (i) **Exclusion of certain provisions of the French Code de commerce:** The provisions of Article L.228-65 I. 1°, 4° and 6° of the French *Code de commerce* (respectively providing for a prior approval of the General Meeting of the Noteholders of any change in corporate purpose or form of the Issuer, or of an issue of bonds benefiting from a security (*sûreté réelle*) which does not benefit to the *Masse* or of a transfer of the registered office of a *société européenne* to another Member State of the European Union) and the related provisions of the French *Code de commerce* shall not apply to the Notes.

The provisions of Article L.228-65 I. 3° of the French *Code de commerce* (providing for a prior approval of the Noteholders in relation to any proposal to merge or demerge the Issuer in the cases referred to in Articles L. 236-13 and L. 236-18 of the French *Code de commerce*) shall not apply to the Notes, only to the extent that such proposal relates to a merger or demerger with another entity of the Group.

9.2 Written Resolutions and Electronic Consent

Pursuant to Article L.228-46-1 of the French *Code de commerce*, the Issuer shall be entitled, in lieu of holding a General Meeting, to seek approval of a resolution from the Noteholders by way of a Written Resolution.

Subject to the following sentence, a Written Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Articles L.228-46-1 and R.223-20-1 of the French *Code de commerce*, approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders (“**Electronic Consent**”).

Notice seeking the approval of a Written Resolution (including by way of Electronic Consent) will be published as provided under Condition 10 (*Notices*) not less than five (5) calendar days prior to the date fixed for the passing of such Written Resolution (the “**Written Resolution Date**”). Notices seeking the approval of a Written Resolution will contain the conditions of form and time-limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Resolution. Noteholders expressing their approval or rejection before the Written Resolution Date will undertake not to dispose of their Notes until after the Written Resolution Date.

For the purpose of these Conditions, “**Written Resolution**” shall mean a resolution in writing signed or approved by or on behalf of the holders of not less than ninety (90) per cent. in principal amount of the Notes outstanding. References to a Written Resolution include, unless the context otherwise requires, a resolution approved by Electronic Consent.

10 Notices

Any notice to the Noteholders will be valid if delivered to the Noteholders through Euroclear France, Euroclear or Clearstream, and, for so long as the Notes are admitted to the operations of such depositaries or custodian, published on the website of the Issuer (<https://www.verallia.com/en/>); and so long as the Notes are admitted to trading on Euronext Paris and the rules of Euronext Paris so require, on the website of Euronext Paris (www.euronext.com). Any such notice shall be deemed to have been given on the date of such delivery or, if delivered more than once or on different dates, on the first date on which such delivery is made.

11 Prescription

Claims against the Issuer for the payment of principal and interest in respect of the Notes shall become prescribed ten (10) years (in the case of principal) and five (5) years (in the case of interest) from the due date for payment thereof.

12 Further Issues

The Issuer may, from time to time without the consent of the Noteholders, issue further notes to be assimilated (*assimilables*) with the Notes as regards their financial service, provided that such further notes and the Notes shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further notes shall provide for such assimilation. In the event of such assimilation, the Noteholders and the holders of any assimilated notes will, for the defence of their common interests, be grouped in a single *Masse* having legal personality.

13 Governing Law and Jurisdiction

The Notes and the Guarantee are governed by the laws of France.

The competent courts within the jurisdiction of the Court of Appeal of Paris have exclusive jurisdiction to settle any dispute arising out of or in connection with the Notes and the Guarantee.

THE GROUP'S SUSTAINABILITY PERFORMANCE TARGETS

The following information should be read in accordance with the Issuer's Sustainability-Linked Financing Framework (available on the Issuer's website (<https://www.verallia.com/investisseurs/information-reglementee/>)), which give more details on the points mentioned below.

Rationale for the Sustainability-Linked Financing Framework

Verallia formalized its commitment to a more sustainable future through the unveiling of its Purpose in late 2020 and the roll-out of its ESG Roadmap in January 2021. It now aims to go one step further by putting in place a Sustainability-Linked Financing Framework that connects its funding with its sustainability objectives. Verallia sees the Sustainability-Linked Financing Framework as a way to:

- i) further underline its commitment to these objectives as it ties its funding cost performance to indicators that are relevant, core, and material to its business;
- ii) engage further stakeholders on the Group's path towards a more sustainable future by helping progress the evolution of sustainable capital and loan markets.

The Issuer's Sustainability-Linked Financing Framework (available on the Issuer's website (<https://www.verallia.com/investisseurs/information-reglementee/>)) is aligned with the following five core components of the Sustainability-Linked Bond Principles published by the International Capital Markets Association ("ICMA") in June 2020 (the "**Sustainability-Linked Bond Principles**"): 1. Selection of key performance indicators, 2. Calibration of Sustainability Performance Targets, 3. Specific characteristics of the Notes, 4. Reporting and 5. Verification. There can be no assurance by the Issuer that the Sustainability-Linked Financing Framework will satisfy, whether in whole or in part, any present or future investor expectations or requirements with respect to investment criteria or guidelines with which any investor or its investments are required to comply under its own by-laws or other governing rules or portfolio investment mandates.

Sustainability Performance Targets

The Groups Sustainability Performance Targets includes the following two targets:

1) CO₂ Emission Target

Rationale

Drastically reducing its CO₂ Emissions is among the top three priorities of the Group's sustainability strategy. The CO₂ Emission Target is aligned with Verallia's objective of achieving a carbon trajectory that is aligned with and contributes to limiting global temperature rise to well-below 2°C compared to pre-industrial temperatures, as outlined in the Paris Agreement. The CO₂ Emission Target aims at contributing to the EU environmental objective "climate change mitigation". It addresses primarily the United Nations' Sustainable Development Goals 13 (Climate Action), as outlined in Verallia's sustainability strategy.

Verallia's inventory and accounting practices are in line with the Greenhouse Gas Protocol Corporate Standard. The Greenhouse Gas Protocol is a corporate accounting and reporting standard published by the World Business Council for Sustainable Development and the World Resources Institute.

Definition

It refers to a sustainability performance target at the Group's level (excluding any acquisitions after the Issue Date) of 2,625 kt CO₂ Emission by the year 2025, compared to 3,090 kt CO₂ Emission for the year 2019 (corresponding to a 15% decrease versus the 2019 baseline), as calculated by the Issuer (as more fully described in the Issuer's Sustainability-Linked Financing Framework).

The CO₂ Emission of the Group means the tons of CO₂ emitted by the Group in absolute value (scopes 1, corresponding to direct emissions from the Group's own operations, and scope 2, equal to indirect greenhouse gas emissions from consumption of purchased electricity used in the Group's own operations).

As per Science-Based Target initiative standards (“**SBTi**”), scope 1&2 emissions remain the Group’s most relevant carbon footprint indicator and should be tracked to measure the Issuer’s ability to comply with its SBTi trajectory of reducing total CO₂ emissions.

These definitions are aligned with the Greenhouse Gas Protocol.

The primary operations and activities that account for emissions in scopes 1 and 2 are:

- scope 1 with three main activities: Production site (GHG emissions from Gas consumption and Fuel Oil consumption and GHG emissions from processes, i.e. carbonization of raw materials), Cullet treatment centers (GHG emissions from gas consumption, Fuel Oil consumption and Liquefied Petroleum Gas consumption), Decoration plants (GHG emissions from gas consumption, Fuel Oil consumption and Liquefied Petroleum Gas consumption);
- scope 2 with three main activities: Production site (GHG emissions electricity consumption), Cullet treatment centers (GHG emissions electricity consumption) and Decoration plants (GHG emissions electricity consumption).

Emissions from office buildings, decoration plants and cullet treatment centres have been excluded because they represent much less than 1% of total scope 1+2 emissions. First, these activities are less emissive than glass production by nature, and secondly, they are minor activities compared to glass production in Verallia’s business.

Calculation Methodology of the CO₂ Emission Target

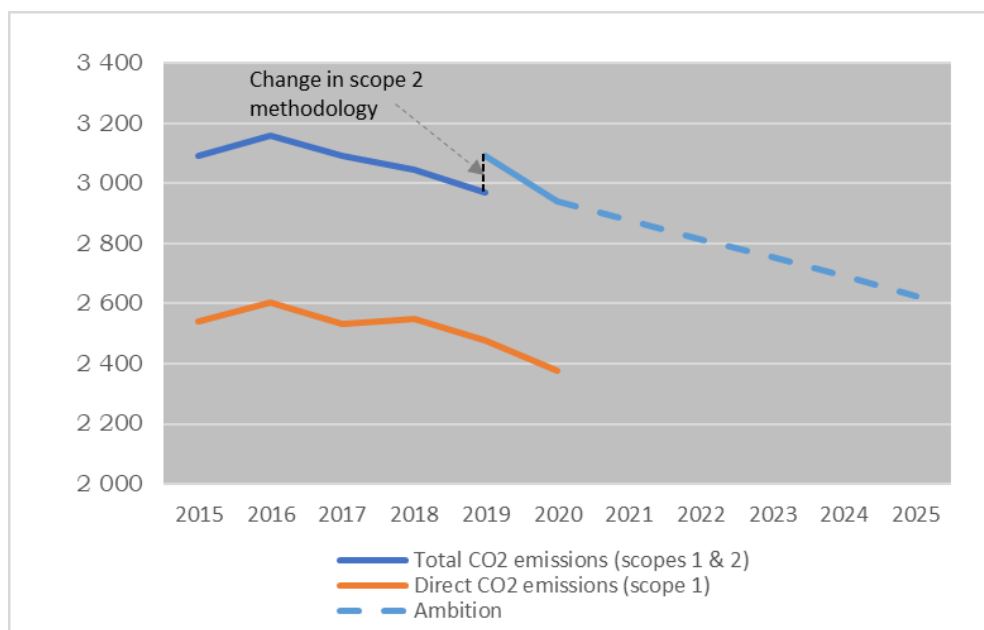

Any change to the calculation methodology of the CO₂ Emission Target or significant changes in data due to better data accessibility or as a result of any disposal may result in a change in baseline and/or CO₂ Emission Target. For the avoidance of doubt, in such case, the levels of the CO₂ Emission Target will be recalculated to reflect such significant changes.

The threshold value for a significant change is a change that impacts the Sustainability Performance Target, in aggregate, by 5 percent or more (in line with the recommendation by the Science based targets initiative (“**SBTi**”). The updated CO₂ Emission Target will be reflected in the outstanding financings provided that an External Verifier has independently confirmed that the proposed revision:

- (A) is consistent with the Issuer’s strategy;
- (B) is in line with the initial level of ambition of the CO₂ Emission Target; and
- (C) has no material impact on the second party opinion originally provided to the Group in connection with the Sustainability-Linked Financing Framework.

Updates to the CO₂ Emission Target will be reported to SBTi for update of the validation and communicated to the Noteholders in accordance with the Terms and Conditions of the Notes.

Data History (data in thousand tons per annum)

2) External Cullet Share Target

Rationale

The circular economy is an economic model that aims to produce in a sustainable manner, limiting consumption and waste of resources (raw materials, water, energy), as well as waste production. This therefore means breaking away from the linear economy model (extract, manufacture, consume, throw away). Glass is an inert material that is 100% and infinitely recyclable into new packaging, making Verallia a key player in the circular economy. External cullet, a key link in the glass industry circular chain, is made from glass obtained from selective collection: individuals, cafés, hotels and restaurants. Use of external cullet in our production is therefore a major way of reducing Verallia's carbon footprint.

External Cullet Share Target aims primarily at contributing to the EU environmental objective "transition to a circular economy" and refers to Sustainable Development Goals 12 (Responsible Consumption and production) and 13 (Climate Action).

Definition

It refers to a target at the Group's level (excluding any acquisitions after the Issue Date) whose objective is to take into account the ratio between (1) total tons of External Cullet introduced into production during the calendar year and (2) the total tons of packed glass during such calendar year, with a sustainability performance target of 59% by 2025, compared to 49% in 2019, as calculated by the Issuer (as more fully described in the Issuer's Sustainability-Linked Financing Framework).

The External Cullet means glass collected from individuals and the on-trade channel (cafés, hotels and restaurants), where Cullet means the crushed glass added to the raw materials used in the production of glass. The Group measures the external cullet integration, which excludes the internal cullet, *i.e.* the bottles produced once and reintroduced in a second production process without leaving the plant and without being used by consumers (linked to defaults in terms of quality).

Adjustment mechanism

From and including the first day of the next Interest Period following the Target Observation Date (the “**Interest Rate Step Up Date**”), if the External Verifier (as defined below) determines that:

- zero (0) Sustainability Performance Target is met then, the applicable Rate of Interest shall be equal to the Reference Rate plus 25 base points and will apply for each Interest Period from and including the Interest Rate Step Up Date up to, and including, the Maturity Date; or

Second Party Opinion

The Issuer has appointed a second party opinion provider to provide such an opinion regarding the alignment of the Sustainability-Linked Financing Framework with the Sustainability-Linked Bond Principles. Such second party opinion (available on the Issuer’s website (<https://www.verallia.com/investisseurs/information-reglementee/>)) does not form part of this Prospectus and is only an opinion and not a statement of fact. Second party opinion providers and providers of similar opinions and certifications (including the External Verifier (as defined in Condition 4 (*Interest*))) are not currently subject to any specific regulatory or other

regime or oversight. Any such opinion, certification or verification is not, nor should be deemed to be, a recommendation by the Issuer, any other member of the Group, the Joint Lead Managers, any second party opinion providers, the External Verifier or any other person to buy, sell or hold any Notes. Holders have no recourse against the Issuer, any other member of the Group, any of the Joint Lead Managers, any second party opinion provider, the Verifier or the provider of any opinion, certification or verification for the contents of any such opinion, certification or verification, which is only current as at the date it was initially issued. Prospective investors must determine for themselves the relevance of any such opinion, certification or verification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in the Notes. Any withdrawal of any such opinion, certification or verification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining on or certifying on may have a material adverse effect on the value of the Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

No assurance or representation is given by the Issuer, any other member of the Group, the Joint Lead Managers, the second party opinion provider or the External Verifier as to the suitability or reliability for any purpose whatsoever of any opinion, report or certification of any third party in connection with the offering of the Notes or the Sustainability Performance Targets to fulfil any social, sustainability, sustainability-linked and/or other criteria. Any such opinion, report or certification is not, nor shall it be deemed to be, incorporated in and/or form part of this Prospectus.

Annual Reporting

For information purposes only, the Issuer will publish within 120 days after the end of each calendar year following the Issue Date, a statement of extra-financial performance (*Déclaration de performance extra financière*) reviewed by an independent third party, which will *inter alia* include information on the progress of the Sustainability Performance Targets, as well as any change to the calculation methodology of the CO₂ Emission Target.

Investor should be aware that such review may not be in line with the one given by the External Verifier in the Verification Assurance Certificate which triggers the interest rate adjustment in respect of the Notes.

Verification

The Sustainability-Linked Financing Framework and the Group's Sustainability Performance Targets will benefit from three layers of external verification:

- (a) a second party opinion by a recognised environmental, social and governance agency on the alignment of the Sustainability-Linked Financing Framework and the associated documentation with the Sustainability-Linked Bond Principles (as mentioned above);
- (b) an assurance statement by an independent third party on the key performance indicator information included in the Group's annual statement of extra-financial performance (*Déclaration de performance extra financière*); and
- (c) a Verification Assurance Certificate issued by an External Verifier confirming outlying the performance of the Sustainability Performance Targets, published on the Issuer's website within 120 days following the Target Observation Date.

USE OF PROCEEDS

The estimated net proceeds of the issue of the Notes will amount to €197,604,000.

The net proceeds of the issue of the Notes will be used to refinance part of the existing financial indebtedness of the Group, to which some of the Joint Lead Managers are party.

15. Stabilisation

In connection with the issue of the Notes, Deutsche Bank Aktiengesellschaft (the "**Stabilising Manager**") (or any person acting on behalf of the Stabilising Manager) may (but will not be required to) over-allot Notes or effect transactions within a specified period, with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 calendar days after the issue date of the Notes and 60 calendar days after the date of the allotment of the Notes. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager in accordance with all applicable laws and rules.
